New Hire Onboarding Checklist

Acme Robotics -- Internal Policy Document
Effective Date: 2026-01-01

Day 1

IT provisions the new hire’s laptop and accounts before their start date, coordinated by the hiring manager. New hire orientation runs at 9:00 AM on the first day and covers company policies, benefits, and org structure.

Week 1

The hiring manager assigns an onboarding buddy to help the new hire navigate their first weeks. The new hire completes mandatory security and compliance training through the internal learning portal.

30-Day Mark

The new hire’s manager conducts a first performance check-in. IT performs an access review to confirm the new hire has access to exactly the systems required for their role.

90-Day Mark

The new hire becomes eligible for the Remote Work Policy, provided their role is approved for remote work.
